Responsibilities:

Governance and Management

1. Develop and implement garden policies: Establish rules, regulations and guidelines.
2. Manage budget and resources: Allocate funds, manage inventory and supervise staff.
3. Oversee garden maintenance: Ensure cleanliness, safety and aesthetics.
4. Develop strategic plans: Align garden goals with institutional objectives.

Horticulture and Plant Care

1. Plant selection and acquisition: Choose medicinal plants for research, education and conservation.
2. Plant propagation and cultivation: Grow and maintain plants using best practices.
3. Pruning and grooming: Maintain plant health and appearance.
4. Pest and disease management: Control pests and diseases using integrated pest management techniques.

Education and Research

1. Develop educational programs: Offer workshops, lectures and training programs for students, faculty and staff.
2. Conduct research: Collaborate with faculty and students on medicinal plant research projects.
3. Host conferences and seminars: Organize events on medicinal plants and related topics.
4. Develop educational materials: Create brochures, guides and online resources.
